

TTB 4552

- Patented flip lip-up head design for simple and easy brush and pad changes - no crawling underneath
- Fully adjustable handle make the machine comfortable to use for any operator
- Large tank capacities ensure great productivity
- 2 separate brush drive motors
- Three position adjustable pad pressure allows for scrubbing or stripping
- Excellent water pick up dries the floor like no other
- LED output control panel ensures operator knows the status of the vacuum , water flow , brush and batteries at all times and it even has an hour meter
- Stainless steel chassis will never rust
- Structural foam brush deck is rust proof, durable and carries a 10 year warranty
- Semi parabolic squeegee with polyurethane blades pivots to give you efficient water recovery on turns and is easily removed for cleaning
- Comes with a safety key so it can be stored or charged anywhere and will not operate with it removed

MACHINE TECHNICAL SPECIFICATIONS

Chasis / Body

Body Construction:	Polyethylene
Frame: Construction	Stainless Steel
Product Height:	46"
Product Length:	44"
Product Width:	34"
Weight without batteries:	151
Weight with batteries:	277

Scrubbing and Transport System

Cleaning Width	20"
Brush Width	2 x 11"
Brush Motor Power - Twin Motor	400 W, .5Hp
Brush RPM:	150
Brush Pressure	105
Brush Circuit Breaker:	Yes
Vacuum Motor: Power	400 W, .5Hp
Traction Speed:	NA
Traction Drive Motor:	NA
Drive Motor Circuit Breaker:	NA

Productivity

Soln Tank Capacity	11
Recovery Tank Capacity:	11
Run Time (80% battery use)	2.5 - 4 Hrs
Square Feet Cleaned per hr.	15,000

Warranty *

Body	10
Frame	5
Motors and Electrical Components	3
Labour	2

Electrical Specifications

Batteries - Wet	NA
Batteries - Gel	2 x 100 ah

* See NaceCare warranty document for details

(Sealed gel batteries are completely maintenance free with no terminal corrosion ever. They are spill proof requiring no emergency safety kit, they can be charged anywhere with no special ventilation required because minimal hydrogen (1/40) is given off during charging. They ensure the user gets full battery life.)
