

Automatic Scrubbers

# CT100

# IPC Eagle

26/29 Gallon 28" & 32" Disc / 30" Cylindrical

## High Productivity

Large solution tank capacity in minimum external space

Extensive running time (Large battery compartment)

Solution control with automatic stop (Solenoid valve)

Brush control with automatic "delayed" stop

**CT100 BT 70**

## High Performance

SLS (Self Levelling System) automatic main brush pressure control

**PATENTED**

Exclusive squeegee system assures high performance at low cost

High quality and performance vacuum motor

Combined scrubbing-sweeping system that includes debris hopper (R version)

# Automatic Scrubbers CT100

## Ergonomic, User Friendly

Great maneuverability due to optimum weight distribution

Great working visibility

Designed to assure minimum noise levels

Easy to use control panel

Solution tank level indicator

Battery level indicator

Solution tank discharge hose

Recovery tank discharge point and hose at maximum height

Solution tank can be tilted for ease of cleaning

External battery charger plug

On board charger can be easily installed now or later

**CT100 BT 75R**

# Automatic Scrubbers CT100

## Low Maintenance Costs

Inlet and outlet filters for maximum solution tank protection

AFS (Anti Foam System)

Brush replacement without tools

Squeegee blade can be used on 4 sides before replacement

Squeegee assembly and blades replacement without tools

Easy access to internal compartments

## Durability

Tanks and surrounding body in high density polyethylene

Oil bath reduction gear box

Brush head designed to absorb harsh impact

Squeegee system designed to absorb harsh impact

Panel control switches protected against water and humidity

# Automatic Scrubbers CT100

**Large tank capacity in minimum external space**  
26-29 Gallon (100-110 L.) capacity tanks make this model very unique in its category.

**Solution control with automatic stop**  
Saves water and save chemicals. Solution flow stops and starts upon brush command.

**Extensive running time**  
Extremely large battery compartment allows batteries of up to 5 hours running time.

**SLS (Self Leveling System)**  
**Automatic brush pressure control**  
Constant brush pressure with immediate reaction. Avoids also excessive brush and actuator wear.

**Exclusive squeegee system assures high performance at low cost**  
Incomparable drying results even on the most difficult surfaces thanks to a very unique design.

**Recovery tank can be tilted**  
Easy to rinse and clean thanks also to smooth internal finishes.
