

# Galaxy

With two boilers supplying about 60 lbs. of super-heated steam per hour at 145 PSI pressure this is the supreme industrial cleaner.

The Galaxy is particularly well suited to static operation in conjunction with a belt cleaner to ensure the highest levels of hygiene.

Available as 4 wire or 5 wire version with optional vacuum facility. (5 wire version only), chemical facility, continuous water supply facility and belt cleaning facility.

## Technical Specifications

- Electrical Supply — 480 Volt 3-Phase
- Current — 22 Amp Nominal
- Wattage—18000 watt
- Water Tank — 5.28 gallon
- Stainless Steel Boilers — 2 x 2 gallons
- Steam Pressure in use — 145 PSI
- Steam Temperature — 356 °F
- Heating up Time — approximately 9 minutes
- Operating Time — Continuous
- Assembled Size (L x W x H) — 42.1 x 29.1 x 45.7 inch
- Weight approximately - 176lbs
- Cable Length — 13.1 feet
- Housing Cover — Stainless steel
- Electro Valve — For constant pressure
- Electric Cables — Silicon covered, flame proof
- Tubing — Copper
- Safety Thermostat — Temperature limit 383°F
- Components — 2/3 nylon, 1/3 fiberglass tested to 500°F
- Electrical Switches — Water spray proofed

Supplied with a comprehensive accessory kit, comprising: -

- 2 inch Round Brush (A00005)
- Triangular Brush (A00006)
- 3 x Detail Brush (Nylon) (A00020)
- 2 x Detail Brush (Wire) (A00021)
- 2 x Detail Brush (Brass) (A00022)
- Safety Goggles (A00096)
- Safety Gloves (A00097)
- Central Connector Hose & Gun (A00098)
