

# LEISURE & HOSPITALITY

First impressions are everlasting

**OSPREYDEEPCLEAN®**  
STEAM CLEANING TECHNOLOGY

## Hectic life styles

To relieve the stress of today's increasing hectic life styles, more and more people are turning to fitness and leisure breaks. The highest level of hygiene and standards is always a priority for any establishment.

## Hygiene systems

The OSPREYDEEPCLEAN steam hygiene systems have proved to be the ultimate cleaning system for this market. Being multifunctional all departments can benefit, from the leisure club to catering departments and housekeeping, ensuring that infection control and visual cleanliness is always at its best. First impressions will increase business.

## Cost effective

The OSPREYDEEPCLEAN range of professional hygiene systems will improve the standards of cleanliness and because our systems are so simple and efficient to use, the savings in labor costs alone can pay for the cost of the equipment.

## Environmentally friendly

Our latest steam technology uses very little water and no harsh chemicals, so providing maximum standards of cleaning and hygiene with minimum environmental impact.

## Demonstrating on location

We will always demonstrate a machine so that you can be completely satisfied that it ideally suits the specific requirements of your business.

- Improved bactericidal efficacy
- Improved compliance with HACCP standards
- Reduced chemical usage and associated risks
- Up to 40% reduction in labor costs

STEAM CLEANING TECHNOLOGY

## Steam & Vac Pro

Electrical Supply: 110 V  
Power: max. 1600 watt  
Water Tank: .6 gallon  
Autonomy: continuous operation

Boiler: .5 gallon  
Boiler Steam Pressure: 63 psi  
Temperature: 309°F

## ProVap 7 Plus

Electrical Supply: 110 V  
Power: max. 1700 watt  
Water Tank: 2 x 1.32 gallons  
Chemical Tank: 1.32 gallons

Boiler: .7 gallon  
Boiler Steam Pressure: 98 psi  
Temperature: 329°F

## Revolution

Electrical Supply: 110 V  
Power: max. 1700 watt  
Water Tank: 1.32 gallons  
Chemical Tank: 1.32 gallons

Boiler: .8 gallon  
Boiler Steam Pressure: 85 psi  
Temperature: 329°F
