

## WV 1800P

- Powerful 1.6 Hp vacuum motor with 2 year warranty providing excellent water recovery
- Motor provides 110" waterlift and 95 CFM of airflow
- Ball float wet shut-off assembly ensures water does not reach the motor and vapour barriers can be added to eliminate moisture completely
- Structural foam tank comes complete with a 10 year warranty
- Structofoam head material is rustproof and durable with a 10-year warranty against defects
- Float activated sump pump allows continuous pumping of fluid without interrupting the vacuuming process
- Ideal for floods, water pipe ruptures, drain back-ups and industrial spills
- Pumps water at a rate of 60 gallons per minute
- The submersible pump is made of durable, high-impact plastics for heat and chemical resistance
- The motor uses a stainless steel shaft and triple seal system and has a thermal protection device to prevent overheating
