

# Not all Restrooms are the Same...

and they Can't all be Cleaned with the Same Equipment

At Nace Care Solutions we are committed to helping our customers find the very best solution for every cleaning situation. The same principle applies when you have restrooms to clean. That's why NaceCare Solutions offers a full range of restroom cleaning equipment.

Let us help you select exactly the right system to clean your restrooms. Cleaning restrooms is not anyone's idea of a good time, but with the right tools you can get the job done faster, more hygienically and at substantially lower costs.

Let our representatives help you to select the right equipment for your specific needs.

**PowerTec**  
Part # RM 1800H

- ▶ Cut cleaning time in half for large restrooms
- ▶ Adjustable nozzle spray allows for precision in attacking the job at hand
- ▶ Results in dramatically higher hygiene levels than manual cleaning

**FoamTec**  
Part # RM 800F

- ▶ Foam clings to surfaces maximizing cleaning action
- ▶ Unique thick foam technology (TFT) cleans restrooms in less time
- ▶ Low pressure rinse provides operator with greater control

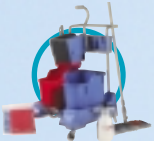

**CombiClean Cart Detailed**  
Part # RRC 100

- ▶ Ideal for full restorative cleaning process
- ▶ Twin buckets lower cross contamination
- ▶ Ergonomic winner... simply step on the pedal to wring out mop

**CombiClean Cart Standard**  
Part # RRC 101

- ▶ Ideal for interim cleaning and maintenance
- ▶ Twin buckets lower cross contamination
- ▶ Ergonomic winner... simply step on the pedal to wring out mop

**Mopping Trolley Side by Side**  
Part # RRC 301

- ▶ Ergonomically designed for superior performance with pedal ringer
- ▶ Twin buckets ensure clean water stays cleaner longer
- ▶ Color-coded system allows for ease of use

**Mopping Trolley Back to Back**  
Part # RRC 401

- ▶ Big cart features in a compact easily stored unit
- ▶ Twin buckets ensure clean water stays cleaner longer
- ▶ On board storage caddy for cleaning utensils

# When it Comes to Cleaning Restrooms... One Size Simply Doesn't Fit All

*Restroom Cleaning System*

At Nace Care Solutions we embrace the challenge of developing systems to clean restrooms. Because we carry North America's largest selection of commercial and industrial cleaning equipment, NaceCare Solutions is the supplier of choice for facilities managers who want to have the right cleaning equipment to do the job properly. We're not claiming

to put "fun" into cleaning restrooms, but we do guarantee that we can help you clean them faster, more efficiently and at lower costs. Obviously, one size does not fit all when it comes to cleaning restrooms. Make sure you have the right tools to clean your restrooms by checking the chart below.

Facility	PowerTec or FoamTec	CombiClean Cart Detailed	CombiClean Cart Standard	Mopping Trolley
Schools and Universities				
High traffic student restrooms	Ⓝ	Ⓜ	Ⓜ	
Locker rooms with showers	Ⓝ		Ⓜ	Ⓜ
Smaller private restrooms			Ⓜ	Ⓜ
Sports Arenas, Convention Centers and Airports				
High traffic public restrooms	Ⓝ	Ⓜ	Ⓜ	
Locker rooms with showers	Ⓝ		Ⓜ	Ⓜ
Smaller private restrooms			Ⓜ	Ⓜ
Casinos, Cruise Ships, Hotels and Resorts				
High traffic public restrooms	Ⓝ	Ⓜ	Ⓜ	
Public restrooms with showers (pools)	Ⓝ		Ⓜ	Ⓜ
Private restrooms			Ⓜ	Ⓜ
Restaurants and Bars				
Smaller facilities			Ⓜ	Ⓜ
Live Theaters and Movie Theaters				
High traffic public restrooms	Ⓝ	Ⓜ	Ⓜ	
Dressing rooms with showers		Ⓜ	Ⓜ	
Hospitals, Nursing Homes and/or Long Term Care Facilities				
Patient rooms, no showers			Ⓜ	Ⓜ
Staff/Public restrooms and showers	Ⓝ	Ⓜ	Ⓜ	
Office Buildings				
Medium size public restrooms		Ⓜ	Ⓜ	
Private restrooms			Ⓜ	Ⓜ
Industry, Factories and Mines				
Employee restrooms with high levels of dirt or grease	Ⓝ	Ⓜ	Ⓜ	
Employee restrooms with showers	Ⓝ	Ⓜ	Ⓜ	
Smaller private restrooms			Ⓜ	Ⓜ

Note: PowerTec and FoamTec come with a supply of their own specially formulated cleaning agent that is both effective and environmentally friendly.

Ⓝ = necessary  
Ⓜ = choose between these options

Your local NaceCare Solutions cleaning expert will be pleased to help you select a customized restroom cleaning system that will provide faster, more hygienic cleaning, at lower cost.

# Mopping Trolleys

Restroom Cleaning System

Avoid worker strain when using this ergonomically designed trolley with a foot peddle for more efficient mop wringing. ▶

For every restroom, big or small, the one piece of cleaning equipment that is used every day is a good mopping trolley. For small, light traffic restrooms, this may be the only piece of equipment you need. For bigger restrooms with high traffic, a mopping trolley will probably be required on a daily basis to deal with interim maintenance and quick cleaning applications. Along with North America's widest selection of quality commercial and industrial cleaning equipment, NaceCare Solutions' industry-leading mopping trolleys set a standard yet to be matched. Feel free to ask us why.

Side by Side (RRC 301)

Where space is an issue, order the compact NaceCare Mopping Trolley. ▶

NaceCare's color-coded twin bucket system dramatically reduces cross-contamination. Keeps your water cleaner longer and requires fewer water changes. Result: Cleaner restrooms in less time.

Back to Back (RRC 401)

ACCESSORIES INCLUDED IN KIT	BENEFIT TO YOU
1 Telescopic Flat Mop Handle	Reduces worker stress & injury
1 16" Structofoam Flat Mop Assembly Swivel	Easy assembly with step-on release
2 2-Sided Microfibre Flat Mop Pad	Removes residue conventional methods leave behind
10 Blue Microwipes 16" x 16"	Microfibers for streak-free cleaning
10 Red Microwipes 16" x 16"	Separate cloth for toilets, urinals & high bacteria areas
1 Extend-a-Tap	Allows for refilling of bucket w/out leaving restroom
1 Pump Sprayer—2 Quarts	Applies chemical in half the time

# Mopping Trolleys

**Cleanup in Aisle 7!** (or in the washroom, in the kitchen, on the shop floor, virtually anywhere). NaceCare Solutions' Mopping Trolleys (Side by Side—RRC 301 & Back to Back—RRC 401) are the perfect quick response to on-request, spot cleaning jobs. Color-coded twin buckets and accessories, and

ergonomic design ensure thorough cleansing, cost savings, and ease-of-use. And you have a choice of trolleys to suit your needs. The RRC 301 has side-by-side buckets and a step-wringer for easy and ergonomic use. RRC 401 has twin back-to-back buckets and is more compact and easier-to-store.

## PROCESS

### 1 Spray

- Use cleaning solution in NaceCare Pump Sprayer on fixtures & surfaces

### 2 Wipe Dry

- Use appropriate NaceCare Microwipe:
  - ▶ Red for toilets and high-bacteria surfaces
  - ▶ Blue for mirrors and countertops

### 3 Mop Up

- Damp mop the floor with Nace Care Microfiber Flat Mop

## BENEFITS

 Applies chemical to fixtures in half the time (versus trigger sprayer).

 Pump sprayer's pressurized chamber reduces worker strain & carpal tunnel syndrome.

 Microfibers for streak-free cleaning.

 Color-coded microwipe system minimizes cross contamination and improves hygiene.

 Flat mop provides greater operator control for less splashing of base boards.

 Microfiber guarantees better soil removal than traditional string mop.

 Twin bucket system drastically reduces cross contamination.

To learn more about the accessories and benefits of our Mopping Trolleys call **1-800-387-3210** today for a free demonstration!

# FoamTec Spray Cleaner

Restroom Cleaning System

**NACECARE**  
SOLUTIONS

Clarity in Cleaning

FoamTec enables the operator to clean around fixtures much faster and more efficiently than is possible using wipers, brushes and mops. As well, FoamTec's gentle foaming action cuts down on facilities wear and tear caused from conventional scrubbing and the use of highly acidic cleaning agents. ▶

Here's an award winning breakthrough in technology to meet your most challenging restroom cleaning situations. In fact, the ultra-deep cleaning FoamTec may well be one of the most important advances in cleaning technology in over a decade. Here's why...

-  The secret behind the FoamTec's phenomenal cleaning power is its breakthrough Thick Foam Technology (TFT).
-  Unlike any other machine on the market, FoamTec incorporates: Nace Care's chemical solution, water, and air to produce a deep cleaning foam.
-  While its special foam clings to all surfaces, emulsifying the soil, the operator can finish other tasks. The result is cleaner restrooms in less time.
-  Because Nace Care Solutions TFT uses far less water and pressure, it is the preferred method when you have sensitive tile and grout or you are cleaning on a regular basis.
-  The chemical is safe, acid-free and environmentally responsible. Ideal where safety and hygiene are priorities.
-  FoamTec represents the gold standard in hygienic cleaning.

FoamTec comes with NaceCare's specially formulated environmentally responsible cleaning agent (**FoamChem** and **FoamChem HD**). Its acid-free formulation is easy on facilities that could be damaged by the continuous use of acidic solutions. Ideal where safety and hygiene are high priorities.

FoamTec (RM 800F)

<b>Solution Tank:</b>	8 gallons
<b>Recovery Tank:</b>	8 gallons
<b>Vacuum Motor:</b>	1.3 Hp = 1000W - 2 stages
<b>Water Lift:</b>	100 inches
<b>Airflow:</b>	106 CFM
<b>Compressor:</b>	350 Watt, 1/2 HP
<b>Pump Pressure:</b>	135 PSI
<b>Pump Flow:</b>	1 gallon / minute
<b>Chemical Dilution</b>	Automatic
<b>Vacuum Hose</b>	33 feet
<b>Solution Hose</b>	33 feet
<b>Blower Hose</b>	33 feet , Extendable Hose
<b>Cord Length</b>	33"
<b>Weight</b>	130 lbs.

#### Performance:

(240 sq. feet of wall and 6 fixtures)

<b>Total Time:</b>	8 minutes (2 mins to Foam & 6 mins to Rinse and Finish)
<b>Water consumption:</b>	4 gallons

# FoamTec Spray Cleaner

The future of restroom cleaning has arrived. NaceCare's FoamTec system (RM 800F) delivers a breakthrough alternative that provides a gentle, controlled application. Easy on surfaces, tough on

grime, thoroughly cleans. Check out the FoamTec process below to see why this is a cleaning solution whose time has come.

## PROCESS

## BENEFITS

### 1 Spray foam

- Adjusting spray nozzle allows you to attack the job at hand.
- Spray all surfaces to be cleaned.

Adjusting nozzle spray allows you to precisely attack the job at hand, saving product and protecting your environment.

### 2 Dwell Time

- Dwell time allows for maximum cleaning results.

Specially formulated, non-acidic foam clings to surfaces maximizing cleaning action. You are free to attend to other cleaning duties, maximizing efficiency.

### 3 Brush (Optional)

- Scrub any heavily soiled areas with brush.

Ensures thorough cleaning of all heavily soiled surfaces.

### 4 Rinse

- Adjust nozzle spray and rinse all surfaces thoroughly flushing residual foam to the floor.

Allows you to use minimal amount of water to achieve thorough rinse.

Low pressure rinse provides the operator with greater control.

### 5 Squeegee

- Remove water from mirrors, counter tops, and partitions with squeegee.

Results in dry and spot-free surfaces.

### 6 Vacuum

- Vacuum residual foam and water from floor.

Guarantees floor is completely clean and dry.

### 7 Dry (Optional)

- Blow dry touchables (faucets, flushers, toilet seats) with blower hose.

33" stretchable blower hose allows full and easy access to all areas of large or small restrooms.

### 8 Empty

- Dispense waste through the drain hose.

Cleanup is simple and easy, shielding you from contact with dirty, contaminated water.

### 9 Done!

From spray to vacuum, the FoamTec system allows you to clean and rinse without having to touch contaminated surfaces. Cleansing is thorough and hygienic.

The FoamTec system is versatile and easy-to-use and comes complete with many specialized attachments, allowing you to clean even the most difficult to reach places.

Acid-free, environmentally responsible, and safe to use.

Check out the important and unique features of NaceCare's cleaning products and select the one for your cleaning situation and the machine you use.

## FoamChem

*The Environmentally Responsible Cleaner for Your FoamTec*

FoamChem's acid-free formulation is excellent for removing soap scum, hard water and mineral deposits.

- Formulated with coconut and corn oils rather than petroleum
- 100% bio-degradable
- Contains no chlorine bleach, carcinogens, butyl, or EDTA
- NaceCare's exclusive, free-rinsing Thick Foam Technology (TFT) assures a 'cling factor' to thoroughly cleanse surfaces
- The built-in dilution tip included in the one-gallon container consistently meters solution mix, ensuring the most effective use of the FoamChem cleaner.
- FoamChem eradicates odors at the molecular level leaving a pleasant scent after cleaning

## FoamChem HD

*Environmental Responsibility and Heavy Duty Cleaning Punch for FoamTec*

FoamChem Heavy Duty provides a more aggressive cleaning action than FoamChem, while maintaining environmental responsibility. So you can be tough and gentle at the same time.

- Acid-free formulation exclusive to NaceCare won't damage chrome or enamel and won't hurt carpet or clothing
- No abrasives are used so surfaces won't be scratched or dulled
- Aggressive chelating agents easily remove scale, soap film, and scum
- Formulated with NaceCare's exclusive free-rinsing Thick Foam Technology (TFT) ensuring 'cling factor' to thoroughly cleanse surfaces
- The built-in dilution tip included in the one-gallon container consistently meters solution mix, ensuring the most effective use of FoamChem Heavy Duty
- FoamChem Heavy Duty eradicates odors at the molecular level leaving a pleasant scent after cleaning

# PowerTec High Pressure Cleaner

Restroom Cleaning System

PowerTec enables the operator to easily and thoroughly clean around fixtures much faster than is possible when using wipers, brushes or mops. And, because the PowerTec is continually flushing away contaminants, the end result is hygienically cleaner facilities. ▶

**One size does not fit all, and that's especially true in the field of restroom cleaning. That's why the PowerTec was developed. Its unique design equips it to tackle the very toughest restroom cleaning challenges including high traffic sports facilities, casinos, schools, or universities.**

PowerTec is the most effective way to complete a major restorative cleaning process. The system delivers vastly improved hygiene. In fact, schools that use power cleaners report measurably lower absenteeism resulting from communicable illnesses.

## Why PowerTec is a Cost Effective Purchase

Time is money. When you consider staff reductions and increased expectations, you must find a quick and efficient way to thoroughly clean.

-  PowerTec cleans restrooms in less than half the time compared to "traditional" restroom cleaning procedures.
-  At today's labor costs, it won't take long to get a full return on your investment and begin to realize meaningful, ongoing savings.
-  3 different machines in one. It's the ultimate restroom cleaning machine. It can also be used as a wet vacuum. And, with an additional attachment, it transforms into a superior carpet extractor. Now your equipment budget stretches even further.

PowerTec comes with NaceCare's specially formulated environmentally responsible cleaning agent (**PowerChem** and **PowerChem HD**). Its acid-free formulation is easy on facilities that could be damaged by the continuous use of acidic solutions. Ideal where safety and hygiene are high priorities.

PowerTec (RM 1800H)

Vacuum Motor	1.3 Hp = 1000W - 2 stages
Airflow	106 CFM
Waterlift	100 inches
Pump Rating	800 PSI (MAX)
Pump Pressure (adjustable)	0 – 400 PSI
Pump Type	Piston
Flow Rate	1 gallon / minute
Weight	120 lbs
Power Cord	42 feet
Pressure Hose	50 feet
Vacuum Hose	33 feet
Blower Hose	33 feet Extendable Hose
Capacity - Solution	18 gallon
Capacity - Recovery	18 gallon

# CombiClean Carts

Restroom Cleaning System

With a full set of accessories for a comprehensive cleaning. ▶

**Designing** restroom cleaning carts is not glamorous work. However, NaceCare Solutions has made it their business to develop the best ones you can buy. Why do this? With North America's widest range of commercial and industrial equipment, NaceCare Solutions understands that restroom cleaning carts are as important to facility managers as hammers and saws are to a carpenter..... and we are committed to providing quality products for every cleaning application.

Over the years the CombiClean Carts have been refined and improved with new features and benefits. We've also designed them to be user friendly with features that will cut the time and labor involved in cleaning restrooms.

Detailed (RRC 100)

With core accessories for standard maintenance. ▶

	ACCESSORIES INCLUDED	BENEFIT TO YOU
Both Detailed and Standard	1 Telescopic Flat Mop Handle	Reduces worker stress & injury
	1 16" Structofoam Flat Mop Swivel Assembly	Easy assembly with step-on release
	2 2-Sided Microfibre Flat Mop	Removes residue conventional mops leave behind
	10 Blue Microwipes 16" x 16"	Microfibres for streak-free cleaning
	10 Red Microwipes 16" x 16"	Separate cloth for toilets, urinals & high bacteria areas
Extra with Detailed only	1 Extend-a-Tap	Allows for refilling of bucket w/out leaving restroom
	1 Pump Sprayer—2 Quarts	Applies chemical in half the time
	1 Nace Grabber	For safely picking up debris
	1 14" Strip Washer	Quick and thorough application of cleaning solution

Standard (RRC 101)

# CombiClean Carts

At the heart of any automated or manual restroom cleaning system is the janitor cart. NaceCare CombiClean Carts (Detailed- RRC 100 & Standard- RRC 101) are ideal for regular maintenance cleansing on their own. They can also be used in combination with FoamTec or PowerTec for an all

inclusive system for high-traffic locations. CombiClean Carts come equipped with many labor-saving, color-coded accessories for complete cleansing of floors, walls, mirrors, and toilets. The separate clean (blue) and dirty (red) water buckets prevent cross-contamination and preserve water.

## PROCESS

- 1 Remove toilet/urinal trash**
  - Use NaceCare Grabber
- 2 Apply cleaning solution**
  - Spray fixtures and lower walls around urinals and toilets using NaceCare Pump Sprayer
  - Use strip washer for mirrors, stalls, & upper wall areas
- 3 Cleanse toilet bowl**
  - Use NaceCare Bowl Brush
- 4 Wipe fixtures and counter tops**
  - Use appropriate NaceCare Microwipe:
    - Red for toilets and high-bacteria fixtures
    - Blue for dispensers, sinks & countertops
- 5 Dry mirrors, stalls, and showers**
  - For mirrors use NaceCare's Glass Squeegee
  - For walls, stalls and showers use NaceCare's Shower and Wall Squeegee
- 6 Scrub (if needed)**
  - Scrub grout and tiles with NaceCare Tile & Grout Brush
  - Scrub floor with NaceCare Floor Brush
- 7 Mop**
  - Use NaceCare Flat Mop to wash floor
- 8 Dry floor (if needed)**
  - With NaceCare Floor Squeegee

## BENEFITS

- Protects your health and hygiene by never touching contaminated materials.
- Applies chemical to fixtures in half the time (versus trigger sprayer)
- Pump sprayer's pressurized chamber reduces worker strain & carpal tunnel syndrome.
- Easy & efficient application on flat surfaces
- Brush allows you to thoroughly cleanse the most soiled area of restroom.
- Microfibres for streak-free cleaning.
- Color-coded microwipe system minimizes cross contamination and improves hygiene.
- Shiny, spot-free mirrors.
- Blade will not absorb bacteria.
- Unique shape of floor brush simultaneously scrubs floor and base boards.
- Award winning design for ultimate grout cleaning.
- Anti-bacterial microfibres are 1/1000th size of human hair removing dirt from even the smallest cracks
- Twin bucket system reduces cross contamination
- Allows restroom to be used sooner
