

FoamTec Spray Cleaner

Restroom Cleaning System

FoamTec enables the operator to clean around fixtures much faster and more efficiently than is possible using wipers, brushes and mops. As well, FoamTec's gentle foaming action cuts down on facilities wear and tear caused from conventional scrubbing and the use of highly acidic cleaning agents. ►

Here's an award winning breakthrough in technology to meet your most challenging restroom cleaning situations. In fact, the ultra-deep cleaning FoamTec may well be one of the most important advances in cleaning technology in over a decade. Here's why...

- ❶ The secret behind the FoamTec's phenomenal cleaning power is its breakthrough Thick Foam Technology (TFT).
- ❷ Unlike any other machine on the market, FoamTec incorporates: Nace Care's chemical solution, water, and air to produce a deep cleaning foam.
- ❸ While its special foam clings to all surfaces, emulsifying the soil, the operator can finish other tasks. The result is cleaner restrooms in less time.
- ❹ Because Nace Care Solutions TFT uses far less water and pressure, it is the preferred method when you have sensitive tile and grout or you are cleaning on a regular basis.
- ❺ The chemical is safe, acid-free and environmentally responsible. Ideal where safety and hygiene are priorities.
- ❻ FoamTec represents the gold standard in hygienic cleaning.

FoamTec comes with NaceCare's specially formulated environmentally responsible cleaning agent (**FoamChem** and **FoamChem HD**). Its acid-free formulation is easy on facilities that could be damaged by the continuous use of acidic solutions. Ideal where safety and hygiene are high priorities.

FoamTec (RM 800F)

Solution Tank:	8 gallons
Recovery Tank:	8 gallons
Vacuum Motor:	1.3 Hp = 1000W - 2 stages
Water Lift:	100 inches
Airflow:	106 CFM
Compressor:	350 Watt, 1/2 HP
Pump Pressure:	135 PSI
Pump Flow:	1 gallon / minute
Chemical Dilution	Automatic
Vacuum Hose	33 feet
Solution Hose	33 feet
Blower Hose	33 feet , Extendable Hose
Cord Length	33"
Weight	130 lbs.

Performance:

(240 sq. feet of wall and 6 fixtures)

Total Time:	8 minutes (2 mins to Foam & 6 mins to Rinse and Finish)
Water consumption:	4 gallons

Acid-free, environmentally responsible, and safe to use.

Check out the important and unique features of NaceCare's cleaning products and select the one for your cleaning situation and the machine you use.

FoamChem

The Environmentally Responsible Cleaner for Your FoamTec

FoamChem's acid-free formulation is excellent for removing soap scum, hard water and mineral deposits.

- Formulated with coconut and corn oils rather than petroleum
- 100% bio-degradable
- Contains no chlorine bleach, carcinogens, butyl, or EDTA
- NaceCare's exclusive, free-rinsing Thick Foam Technology (TFT) assures a 'cling factor' to thoroughly cleanse surfaces
- The built-in dilution tip included in the one-gallon container consistently meters solution mix, ensuring the most effective use of the FoamChem cleaner.
- FoamChem eradicates odors at the molecular level leaving a pleasant scent after cleaning

FoamChem HD

Environmental Responsibility and Heavy Duty Cleaning Punch for FoamTec

FoamChem Heavy Duty provides a more aggressive cleaning action than FoamChem, while maintaining environmental responsibility. So you can be tough and gentle at the same time.

- Acid-free formulation exclusive to NaceCare won't damage chrome or enamel and won't hurt carpet or clothing
- No abrasives are used so surfaces won't be scratched or dulled
- Aggressive chelating agents easily remove scale, soap film, and scum
- Formulated with NaceCare's exclusive free-rinsing Thick Foam Technology (TFT) ensuring 'cling factor' to thoroughly cleanse surfaces
- The built-in dilution tip included in the one-gallon container consistently meters solution mix, ensuring the most effective use of FoamChem Heavy Duty
- FoamChem Heavy Duty eradicates odors at the molecular level leaving a pleasant scent after cleaning
