

BOX EXTRACTORS

Both the TP 18SX and TP 18DX are premium extractors featuring a 100 PSI diaphragm pump with a bypass providing 1.1 gpm of flow. Even the biggest commercial jobs can be tackled with their large 18 gallon tanks.

The SX model has a powerful 1.7 Hp stage vacuum motor that provides 115" waterlift and 95 CFM of airflow. The DX ups the ante with its 2.6 Hp (2 x 1.3 Hp) 2 stage vacuum motors, providing 100" waterlift and 212 CFM of airflow. An optional heater is available.

Both units come complete with a 20' solution/vacuum hose and a 3 jet wand.
